A SUBSTITUTE

FOR THE MILLS BILL REPORTED IN THE SENATE.

SENATOR ALDRICH, OF RHODE ISLAND, TALKS ON ITS MERITS.

The Reductions About Half-and-Half on Customs Duties and Internal Taxes—The Whole Will Amount to \$70,000,000. The Proposed Reduction on Sugar Nearly One-Half—An Abstract of the Bill.

WASHINGTON, Oct. 4.—In the senate immediately after the journal was read Senator Allison, from the committee on finance, reported the Republican substitute for the Mills tariff bill, which was passed by the house of representatives last July. The written reports prepared by the majority and minority, the Republican and Democratic members of the committee, will be formally presented to the senate in a day or two—the views of the minority not being yet quite ready. In presenting the bill Senator Allison stated that he would call it up for consideration on Monday next.

Speaking of the merits of the bill, Senator Aldrich, who prepared the majority report, said to a representative of the United Press: "We are confident that a careful analysis of the measure in comparison with that prepared by Mr. Mills, and adopted in the house will argue to the interest of the Republican party. Our aim has been to conform closely to the wishes of the Republican party as expressed in the platform adopted at Chicago. While we have reduced the revenue as largely as the surplus, and the expenses of the country will admit, we have laid stress upon a retention of every essential feature of our protective system."

"The reductions are about half-and-half on customs duties and internal taxes. In round numbers we reduce the income of the government \$75,000,000. We cut the sugar duty as nearly one-half as we could figure, and make the reductions there aggregate \$27,750,000. Tobacco releases, \$24,500,000; free alcohol for the arts, \$7,000,000; the free list is given \$6,500,000 and the other reductions amount to about \$8,000,000."

The changes proposed by the bill in internal revenue and tariff taxes are to take effect on and after the first day of February, 1889. The internal revenue on cigars, cheroots and cigarettes weighing more than three pounds per thousand is fixed at \$1.50 per thousand, less than three pounds to two thousand 50 cents. It repeals all laws restricting the sale of tobacco by farmers and producers; repeals the taxes on manufactured tobacco and snuff, the special taxes required to be paid by manufacturers and dealers in leaf tobacco and retail dealers in leaf tobacco, manufactured tobacco, snuff and cigars.

Alcohol used in the industrial arts under certain regulations by the commissioner of internal revenue is to be exempt from the payment of the internal revenue tax. In schedule A, covering chemical products the duty on alcoholic perfumery, cologne water, and other toilet waters is fixed at \$2 per gallon and 25 per cent. ad valorem. Baking of all kinds 25 per cent; sulphate of copper 2 cents per pound; refined camphor 4 cents per pound; borax, crude 3 cents, refined 5 cents per pound; cement 5 cents per hundred pounds; chloroform 30 cents per pound; sulphuric ether 30 cents per pound; morphine 50 cents per ounce; castor-oil 50 cents per gallon; medicinal preparations, essences, medicinal wines, etc., 40 cents per pound; cosmetics and toilet preparations 50 per cent. ad valorem.

An Awful Experience of a Diver.

SAN FRANCISCO, Oct. 4.—Recently the Pacific Coast Steamship company employed Victor Hinton, a professional diver, at \$150 per day to go down and examine the sinker of the City of Chester, which was sunk in the waters of Golden Gate last August by collision with the Oceanic. The diver located the vessel in fifty fathoms of water, cut in two as if by an immense saw. While looking into the stowage the first thing which met his eyes was the form of a man standing with distorted face and tongue hanging from his mouth. The body was swollen to twice its natural size. Going a little further up he saw another victim of that wreck on his knees grasping a third man around the waist. The diver returned to the surface and reported his discovery to the officers, but nothing could induce him to return to the wreck.

ALTHOUGH NEARLY ONE HUNDRED NEW CASES WERE REPORTED.

Colonel Daniels, President of the Auxiliary Association, Succumbs to the Epidemic—A Number of the Nurses Return Home—A Distressing Story of Suffering From Birmingham, Alabama.

Col. J. J. Daniels, president of the Auxiliary association and one of Jacksonville's most prominent citizens, died Tuesday night.

Mrs. C. B. Davis, a nurse from Philadelphia, who has been doing excellent work here, was Tuesday night taken down suddenly with the fever while in her room at the medical bureau. It was decided to send her to the Sand Hills, and she was carried from the building to the ambulance. She wept bitterly as she bade good-by to her friends, and many an eye was moistened.

Twenty nurses will go home to-day.

Starved Refugees in a Cave.

BIRMINGHAM, Ala., Oct. 4.—Tom Bivens, with his wife and three children, fled from Decatur, Ala., September 19 and got off the train at Wood's station, not far from this city. The terrified people living in that vicinity drove them away from their houses where they appealed for aid, and the family finally took refuge in a cave. The infant child soon died and the family became famished for food, as Bivens quickly spent his small stock of money for provisions at a small store some miles away. A farmer named Duncan finally came to their relief. Mrs. Bivens is sick from the dampness of the cave and her great distress of mind.

Eighty Sick at Fernandina.

FERNANDINA, Fla., Oct. 4.—There were five new cases of fever Tuesday. Capt. Maxwell and Chief Engineer Bushnell are rapidly improving.

The eighty colored persons reported sick are now being investigated, to see if they have yellow fever. They have called no physicians, and the cases are supposed to be mild.

MORTON'S LETTER.

He Accepts the Republican Nomination for Vice President.

NEW YORK, Oct. 4.—Levi P. Morton has issued his letter accepting the Republican nomination for vice president. He indorses a high tariff for the close protection of American industries, and warns the laboring classes to beware of "revenue tariff" tending to free trade. Referring to free trade and protection, he says: "For myself, as a citizen, and as a candidate, I do not hesitate to declare that from long observation I am an unwavering friend of the protective system. In a business life now extending over forty years I have witnessed and compared the effect upon the country of a tariff tending to free trade, with a protective tariff encouraging home industries. Under the former the development of the country has always been arrested, while under the latter it has uniformly been promoted."

"To the men who earn their bread by the sweat of their brow the difference between the two systems is that of narrowing chances on the one hand and expanding opportunities on the other. Free trade would open America to competition with the whole world. Protection reserves America for Americans, free and adopted."

He also says: "It is for the American people to develop and cultivate the continent to which in the providence of God they have fallen heirs. They should adopt a policy which looks steadily to this great end."

A collision resulted, wrecking the engines of both trains, three freight cars and damaging the platforms of the cars on the express train. STRIKE IMMINENT.

Chicago Cable Roads Threatened With a Tie-Up.

CHICAGO, Oct. 4.—At a meeting of the conductors and drivers of Mr. Yerkes' new North Side cable line, at 4 o'clock a. m., it was determined to inaugurate a strike on the entire system Saturday morning next at 10 o'clock, at which time, unless their demands are conceded, there will be a general tie-up on the North Side lines, including horse cars as well as cable cars.

Mr. Yerkes will be officially notified this morning. The West Side men have agreed to strike within twenty-four hours after Mr. Yerkes' decision if it be adverse to the men. The South Side lines have also promised aid to the extent of all that is in their treasury.

The present outlook is gloomy. Mr. Yerkes has firmly declined to make any change in wages, though expressing a willingness to revise the hours of labor.

Sugar Refiners Uneasy.

NEW YORK, Oct. 4.—There is excitement among the employees of the sugar refiners in Williamsburg, L. I. An order was issued Tuesday by Theodore A. Havemeyer, president of the sugar trust, calling for the closing of the two refineries of the firm of DeCastro & Donner. This firm is one of the largest in the country. Their refineries are in South Ninth and in North Second streets and Kent avenue, Williamsburg. Mr. Havemeyer could not be seen at his house, but one of the officials of DeCastro & Donner corroborated the report. Fully 1,000 men will be thrown out of employment when this order goes into effect, which, it is expected, will happen soon. The closing will be for an indefinite period. Coming, this does, close upon the shutting down by the sugar trust of the Bay State refinery, in Boston, it has raised a very uneasy feeling among the men.

IT WAS SELF-DEFENSE.

A Memphis Negro Kills Two Men and Is Acquitted of the Crime.

MEMPHIS, Tenn., Oct. 4.—An extraordinary scene was witnessed in the police court Tuesday morning when James Conley, colored, who had shot two men to death, was discharged by the police judge. The room was crowded with white and colored people, and when Judge Hadden told the accused that he might go free, and he went out almost literally in the arms of his wife and children, there was an outburst of applause which the officers of the court were powerless to quell. Conley is the sexton of Zion colored cemetery. The men he killed were Will W. Eastman, the nephew of a wealthy lumber merchant of this city, and J. E. Smith, a boss carpenter.

Last Sunday afternoon these two, while much the worse for liquor, were passing Conley's house, in front of which his mule was hitched. Smith took hold of the mule and began to unhitch it, announcing his intention of taking a ride. Conley came out and told him to leave the mule alone. Upon this the two white men rushed into the colored man's yard to assault him, and he retreated into the house and closed the door. They tried to break in the door, and while thus engaged were fired on by Conley from a window. Eastman was instantly killed, and Smith received wounds from which he died a few hours later.

THE CHICKASAW SQUABBLE.

Acting Commissioner Upshaw Says the Courts Must Settle the Matter.

MUSKOGEE, I. T., Oct. 4.—Both Guy and Byrd claim to have received a majority of votes at the election in the Chickasaw nation, and both have taken the oath of office as principal chief. Affairs are assuming a very complicated and serious aspect. The following telegram has been received from the office of the Indian commissioner at Washington: "The department will not assume to decide here between Guy and Byrd. That belongs to the Chickasaw courts to do but peace must be preserved. If Byrd still claims the office of governor he must go to the courts for relief. Watch proceedings carefully and keep department constantly informed of all action."

"A. B. UPSHAW, Acting Commissioner."

Forged Deeds and Mortgages.

DETROIT, Mich., Oct. 4.—A sensation was caused by the discovery that forged deeds and mortgages, purporting to cover three lots of valuable city property owned by John F. Batch, had been negotiated. The swindle has been managed by Cornelius Sophers, and another man who personated Batch in the transactions. These two men have realized about \$12,000 by their rascality. They have disappeared and the police are unable to get any trace of them.

War on Long Branch Gamblers.

ASBURY PARK, Oct. 4.—War was declared against Long Branch gamblers by Justice Scudder in his charge, as presiding judge to the grand jury of Monmouth county, on opening the county court at Freehold. The justice denounced the practices of the gamblers and also of the liquor dealers, who sold intoxicating beverages on Sundays, and said all charges against them must be faithfully investigated.

Mott Street in Mourning.

NEW YORK, Oct. 4.—In Mott street the yellow dragon flag drooped at half mast because of the signing of the anti-Chinese bill. The shopkeepers are doleful, over the certainty of having their trade restricted, and real estate will gradually depreciate in Mott street, Chinese who are citizens of the United States complain of being put on the same footing with those who are not citizens. They say that Mr. Cleveland got sixty votes in this state.

Killed While Stealing a Ride.

ZANESVILLE, O., Oct. 4.—Patrick Kelly, of Corning, fell from a west bound Baltimore & Ohio freight train at Helpers' switch, east of the city, and was ground almost into fragments by the wheels. Notwithstanding his frightful injuries Kelly lived two hours. Kelly was stealing a ride. He leaves a family.

DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY.
Proprietors.

THURSDAY EVE., OCT. 4, 1888.

How Will You Vote?

We invite the attention of our readers to the figures given below, and ask them if they can doubt the justice of the Democratic purpose to reform the tariff? On every \$100 worth of the articles here named taxes are levied as follows, and all the articles named are prime necessities:

HOUSEHOLDING.	
Lumber.....	\$16 18
Nails.....	43 37
Lime.....	10 99
Cement.....	20 40
Clapboards.....	10 98
Shingles.....	16 89
Screws, large.....	26 17
Screws, small.....	61 17
Linseed oil.....	54 79
White lead.....	40 19
Zinc.....	23 34
Window glass, small.....	60 17
Window glass, large.....	108 50
HOUSEHOLDING.	
Wall paper.....	\$25 00
Carpets, Ingrain.....	45 79
Carpets, tapestry.....	61 13
Carpets, Brussels.....	59 03
Oilcloth.....	40 00
Crockery.....	59 02
Hollowware, iron.....	45 36
Tinware.....	43 00

Now which do you think would be best, to be relieved of all this tax or to have free whisky and tobacco? There is no doubt what your answer will be.

Vote for the nominees of the party—the Democratic party—that is endeavoring to lessen these taxes.

Quinine.

When a bill was brought into the House of Representatives in 1878 to repeal the tax on quinine, there was a great cry that the effect would be to stop its manufacture and throw out of employment the workmen employed in this industry, or reduce their wages.

At that time quinine bore a heavy duty and there were five firms employing five hundred men at \$1.50 per day in its manufacture, and it sold at an average of \$3.50 an ounce. This tariff was virtually a tax on health and considered a hardship on account of the universal use of quinine. The same objections were used then as now—importation of foreign goods, closed manufacturing and idle workmen. But the duty was removed—quinine was put on the free list—and what is the result? That was ten years ago, and we now have twelve firms instead of five making this article; more than twice the number of workmen are employed in the industry, there has been no lowering of wages and quinine is selling at 50 cts. instead of \$3.50 an ounce. And thousands of dollars worth of the article is sold in Paris and London, the very home of the competition that was feared.

All this is an unanswerable argument in favor of the Mills bill.

Vote to sustain the Democrats in their attempt to rid the country of war taxes.

The Kentucky delegation has a larger number of Congressmen in Washington at present than any other State.

Every Democrat in Mason County should go to work earnestly for their nominee for Congress. There will be no doubt as to the result if this is done here and throughout the rest of the district.

Are the Republicans of Maysville afraid of a joint discussion of the issues of the campaign? They do not seem very anxious to put up any one against Hon. T. F. Hallam, of Covington, who will speak at the court house Saturday night.

The people are ready and willing to pay all the necessary expenses of Government, but every dollar that is collected unnecessarily or exacted of them to give to any class as a favor or a bounty is as unjust as if it were collected by the hand of tyranny to support an idle and haughty aristocracy.

The Republicans were notified through the BULLETIN some days ago that Hon. T. F. Hallam would speak at the court house next Saturday night, and that he would gladly divide time with any one whom they might select. Can't they find some one who is willing to tackle the eloquent orator from Covington?

CARPENTERS, pattern-makers, molders, brick-layers, stone-masons, blacksmiths and many others engaged in industries that are absolutely unprotected command higher wages than those working on protected articles. This is a fact that cannot be disputed. Workmen may draw their own conclusion from it.

If protection has added one million or one hundred millions to the wealth of any part of the Union it has as certainly taken that amount from the earnings of the rest of the country. That is how protection works. It takes money out of the pockets of the poor and places it in the pockets of the rich—it taxes the many for the benefit of the few.

Will you vote to sustain the Republican party in its effort to prolong such a pernicious system of war taxes?

Congressional Notes and News.

Hon. Thomas H. Paynter will address the Mayslick Democratic club next Saturday night. Everybody invited.

A grand Democratic rally will be held at Ewing next Saturday afternoon. A big crowd is expected. The Elizaville Band will furnish music. Hon. Thomas H. Paynter will be present. Hon. Chas. Bronston, of Lexington, Hon. W. J. Hendrick and other speakers will deliver addresses.

Democrats of Maysville and vicinity should not fail to hear Hon. T. F. Hallam at the court house next Saturday night.

Mr. Robert Hamilton, of Covington, whom the Kentucky Republicans have chosen to run against Speaker Carlisle for Congress, is familiarly known as "Bull-Dog Bob," having been a manufacturer of Bull-Dog tobacco.

The Democratic club at Germantown will meet every Saturday evening. In addition to the officers named, the following have been chosen:

Second Vice President—S. M. Woodward.
Third Vice President—J. Tyler Styles.
Committee on Rules and Regulations—Hon. J. A. Walton, Squire L. H. Mannen, Judge T. M. Dora, Dr. John W. Blackerby and Thomas Malloy, Esq.

ADMINISTRATOR'S SALE

—OF—

A Valuable Scott County Farm, TOBACCO LAND, &c.

As Administrator of Dr. C. J. Blackburn, deceased, I will sell to the highest bidder, on

WEDNESDAY, OCT. 24th,

1888, at 12 o'clock M., on the premises, two miles north of White Sulphur, Scott County, Ky., one-half mile from the Stamping Ground and Frankfort Turnpike, the old homestead of Warwick, containing

250 ACRES.

more or less, subject to survey. Nearly all in grass, except about fifty acres already this fall seeded in wheat and rye, which advantage the purchaser will get without charge. Forty acres in valuable timber, sufficient to furnish lumber to build tobacco barns and other improvements, and the land when cleared will be good soil for tobacco, and there is also about forty acres of cleared land that has been in grass more than thirty years that can not be excelled for the growth of the finest quality of tobacco. Also a great deal of sound locust timber. The improvements consist of a substantial old stone mansion with seven rooms, also servants' houses, smoke houses, hen house, stable, cribs, sheds, &c., with a large cistern filled with clear drinking water; large garden, apple orchard &c.; about three-fourths mile of stone fence, and only about two miles from North Elkhorn Creek; convenient to mills, churches, schools, &c.; two miles from the celebrated Catholic school, The Sisters of Visitation, near White Sulphur, on the Georgetown and Frankfort Turnpike. Good judges are of the opinion that the timber and tobacco land will pay for the whole farm in two years.

The taxes in Scott County are not nearly so high as in many of the surrounding counties, and as the farm is expected to sell at a bargain, a thrifty farmer can make money in the purchase.

TERMS—One-half cash, the balance in one and two years, with 6 per cent. interest. Possession given March 1st, 1889. For further information address

ELLEY BLACKBURN, Adm'r, Georgetown, Ky.

Or Newton & John Northcutt, on the premises, White Sulphur, Ky.

Also fourteen shares of Stamping Ground and Frankfort Turnpike stock.

Prescriptions a specialty at all hours.

Pearce-Walker Nuptials.

Mr. Charles C. Pearce and Miss Hattie Walker were married yesterday at 2 p. m. at the residence of the bride's grandmother, Mrs. Means, near Tollesboro, Rev. James P. Hendrick, of Flemingsburg, officiating. Later in the afternoon the couple came to this city and left on the Bonanza for Cincinnati and Chicago on a bridal trip, after which they will take up their residence at Gibson City, Ill.

The groom is a son of Mr. E. E. Pearce, the banker of Flemingsburg. The bride is a daughter of Mr. Jerome Walker, and has a number of relatives in this city, where she is well acquainted. Her charming and vivacious manners and rare accomplishments have won her friends wherever known. The Fleming True Blue Democrat says: "Charley and Miss Hattie were school mates, and fell in love during the intervals between studies and holidays, when both went to Kalamont High School, taught by Rev. James P. Hendrick."

Messrs. Will Samuels, Jesse Logan, Will Warfield and others from Fleming attended the nuptials.

Railroad Notes.

The eastbound mixed train on the M. and B. S. passed here at 1 p. m. yesterday several hours late, having gone through to the extreme lower end of the road the night before with forty or fifty car-loads of ties and rails.

The New York Times says: "M. E. Ingalls, the C. and O.'s new President, is a leader, with a following. He gave up the practice of law in Boston to go West to look out for the interests of clients in the Cincinnati, Indianapolis, St. Louis and Chicago road. The property was bankrupt. To-day it is paying 5 per cent. dividends. Next year it will pay 6 per cent. He is its President. What it is his ability has made it."

Col. H. C. Shump has completed the grading for a three-quarter-mile side-track at Kinnickinnick. Within a few weeks the ties and rails will be laid and the switch ready for the use of the people of the Kinny Valley, who will have immense quantities of lumber, staves, stove-bolts, etc., to load on the cars there and ship over the road. Already they have brought in large quantities of lumber, etc., for shipment.

Stock, Field and Farm.

The damage to the tobacco in Bracken is very heavy.

Hog cholera still prevails in some parts of Bourbon County.

Dakota wheat crop is estimated at 33,000,000 bushels, against 52,000,000 last year.

It is estimated that over one thousand acres of tobacco were destroyed in Nicholas County by the late frosts.

Fully 20 per cent. of the tobacco in Fleming County was rendered nearly worthless by the frost, but there is still left about as much as the farmers can handle and find bar-room for.

A writer in the Southern Pioneer, of Virginia, agrees to pay \$100 to any one who gives the following a fair trial and it does not prevent hog cholera: "Take a sack of salt and barrel of hard wood ashes, mix the salt and ashes thoroughly, prepare a box of convenient size, put it under cover where the hogs can have free access to it at all times, and keep a supply of the mixture in it. The mixture will cost you \$1 and some trouble, but it will be efficient for several hogs for one year."

Colored Teachers.

The meeting of the Colored Teachers' Association has been postponed until Saturday, October 13th. By order of W. H. POWERS, President. VANGIE OLINTON, Secretary.

The body found in a vault where it is supposed it have lain for some months. The crime believed to have been committed by the Whitechapel fiend. Floods in Switzerland—Foreign News Notes.

LONDON, Oct. 4.—The Whitechapel horrors were supplemented Tuesday night by the discovery of the mutilated body of one of the fiend's earlier victims, and it has intensified the feeling of horror which pervades London. The corpse was discovered in an open vault, within sight of the police headquarters at Scotland Yard. The body is badly decomposed, but plainly enough shows that state of mutilation which characterizes the maniac's work. It has been deliberately done, and both head and arms have been removed.

The police have preserved the arms recently found in the Thames, near Lambeth, and express the hope that they may fit the body, otherwise evidence is established of two more murders having been committed instead of one.

The discovery of this victim of some months ago simply confirms the statement of the assassin himself, as written by him on the wall in the rear of No. 29 Hamburg street, above what is supposed to be his fourth victim, called Annie Chapman. "Five—fifteen more and I will give myself up." There is little doubt that this now discovered was the one reckoned in his count of which the public knew nothing at the time.

The police are as far as ever from a clew of any practical value in detecting the murderer, and the feeling of insecurity and consternation is thereby greatly enhanced.

The woman murdered in Mitre square has not been definitely identified, and the identification of the one found in Berner street is very doubtful, despite the evidence given by her alleged sister at the inquest.

Professor Axer, principal of the Royal veterinary college, has expressed himself very decidedly in favor of the proposal to place bloodhounds in the eastern and western police stations in the East End, and have them trained daily and kept in readiness for immediate use in running the murderer down. The professor's belief in the utility of these ferocious animals as auxiliary police is strengthened by his conviction that the murderer will soon resume his butcheries in view of his phenomenal success in eluding detection.

The general dread of the appearance of the murderer in other districts in London has greatly stimulated subscriptions to the funds being raised as a reward for his capture, and the aggregate sum now available is upward of £1,500. The friction between the municipal and the metropolitan police increases, and Gen. Sir Charles Warren's fussy military methods are roundly denounced on all sides.

The St. James Gazette closes an article savagely criticizing Gen. Warren's administration with a prayer for a squad of New York detectives to give to the London police a few lessons in the profession they have apparently unwisely chosen.

The inquest on the victim of the last crime committed in Berner street, has so far revealed nothing in addition to what is already known.

No arrests have been made to day in connection with the Whitechapel murders. The police admit that they have no clew to the identity of the perpetrator.

William Banqueted.

MUNICH, Oct. 4.—A grand banquet was given to Emperor William at the palace of the prince regent Tuesday evening. Prince Luitpold proposed the health of the kaiser in a fulsome speech, whereat the German emperor replied, saying that, as in 1870, the Bavarians had given a magnanimous impulse to German unity, so had the prince regent been first after his (William's) accession to the throne, to help to lighten the cares which had devolved upon him in a few difficult tasks. The kaiser promised to maintain steadfast the friendly alliance of the Hohenzollerns to Bavaria.
